*Memorable Maine vacations are made at...*

The Coast Village Inn and Cottages is located in the scenic vacation town of Wells, which lies on the southern beach coast of Maine. We are centrally located between the resort beach towns of Kennebunkport and Ogunquit, and only a short distance to many beautiful beaches, restaurants, mini-golf, antiques and shopping. The trolley stops in front of the property to take you anywhere from Kennebunkport down to York Beach. We hope that our cozy cottages and clean, comfortable accommodations, will keep you coming back every year!

Children and adults alike love our beautiful, new gunnite pool with a "beach entry" (no stairs). We also have a complimentary BBQ area for our patrons. Near the pool and picnic facilities, we have a new open outdoor function area that's perfect for a **Wedding** or **Family Reunion**. Call us today to book an event. You'll be delightfully surprised.

Please visit our web site for room descriptions, cottage layouts, pricing, reservation and cancellation policies, additional photos and other general information.
